肿瘤绿色调护专栏
聚焦肿瘤绿色调护模式，赋能中医护理服务模式创新发展——“肿瘤绿色调护”专栏导读

1 例乳腺癌患者术后疼痛的中医状态调护

西妥昔单抗致颜面部皮疹 1 例的中医特色护理体会

阴平阳秘五行罐疗法治疗 1 例心脾两虚型肿瘤相关性失眠患者的护理体会

耳穴贴压联合经穴推拿治疗 1 例宫颈癌患者失眠的护理体会

火龙罐综合灸技术治疗神经根型颈椎病 1 例的护理体会

中药膏摩联合穴位贴敷疗法治疗 1 例肺癌相关性咳嗽患者的护理体会

中药含漱疗法联合艾灸治疗化疗相关性口腔溃疡 1 例的护理

刮痧联合艾灸及中药保留灌肠治疗 1 例女性盆腔炎腹痛患者的护理

刮灸疗法治疗 1 例宫颈癌患者肝郁气滞致胸胁胀痛的护理体会

中药封包疗法治疗经外周静脉输注抗肿瘤中药所致静脉炎 1 例的护理

穴位按摩联合中药泡洗疗法治疗 1 例肠癌患者口服卡培他滨致手足综合征的护理

中药围敷疗法治疗乳腺癌性溃疡 1 例的护理体会

刮灸疗法治疗 1 例奥沙利铂致下肢周围神经病变性疼痛的护理

基于“通法”理论治疗 1 例肺癌化疗后便秘患者的护理体会
中药湿敷治疗1例放射性皮炎患者的护理

中药肛门滴入疗法治疗1例卵巢癌肠梗阻患者的护理体会

全息经络刮痧疗法治疗1例心脾两虚型癌因性失眠患者的护理体会

1例左侧乳腺癌保乳手术患者术后护理体会

1例乳腺癌患者新型冠状病毒感染恢复期应用刮灸疗法的护理体会

全息经络刮痧疗法治疗1例肺癌合并新型冠状病毒感染患者的肿瘤绿色调护体会

艾灸联合穴位贴敷疗法治疗1例胃癌肠梗阻患者的护理

三黄膏外敷治疗经外周静脉置入中心静脉导管穿刺后血肿1例的护理体会

艾灸联合中药膏摩疗法治疗1例胰腺癌化疗后II度骨髓抑制患者的护理

梅花针扣刺联合拔罐治疗1例肺癌患者化疗后并发带状疱疹的护理

中医护理技术标准化研究进展

论著

抑郁和宫颈癌发病风险相关的孟德尔随机化分析

以家庭为基础的运动疗法在社区老年轻度认知障碍伴抑郁患者中的应用研究

中医护理技术预防股骨颈骨折术后深静脉血栓形成的Meta分析

中医特色护理

指压天突穴引咳法在早期肺癌术后患者中的应用

火龙罐治疗痰热闭肺型小儿肺炎喘嗽的效果观察

皮内针联合耳穴压豆改善1例不完全性肠梗阻患者症状的护理体会

经穴推拿治疗1例缺血性中风合并气虚便秘及结肠黑变病患者的护理体会

1例糖尿病足截趾术后患者的中西医结合护理体会
中西医结合护理
ZHONGXIYI JIEHE HULI
2023年11月 第9卷 第11期

1例过敏性结膜炎患者的中西医结合护理体会

---------------------------李鹏斐，杨剑英(152)

胃瘫外敷方联合针灸治疗1例恶性肿瘤术后胃瘫患者的护理体会

---------------------------童晓妹，刘书红，赵亚楠，严康(156)

中医护理技术缓解老年性骨质疏松症所致疼痛的应用进展

---------------------------韩京晶，苑红雪，来文丽，张元泰，刘征莹，刘继宁(160)

耳穴贴压治疗胃癌术后早期肠内营养不耐受的研究进展

---------------------------张依(165)

中医护理技术在新型冠状病毒感染患者中的应用

---------------------------叶春红，董贤英，郭蕊，曾赤君，杨思佳，李力(170)

调查研究

心房颤动射频消融术后患者出院准备度现状及影响因素分析

---------------------------刘微微，黄淑萍，钟冰(178)

长沙市某三甲医院住院患者病服穿着依从性及影响因素分析

---------------------------黄思婷，韩辉武，李兵发，张京慧(185)

技术与方法

耐高压注射型PICC导管在胆道肿瘤患者CT增强扫描检查中的应用效果评价

---------------------------仲米兰，罗红梅(192)

自制多功能下肢功能锻炼装置在下肢骨科手术患者中的应用

---------------------------陈熙(196)

结肠精准定位诱导排便技术在复杂性便秘患者中的应用研究

---------------------------赵继红，姜蕴璐，贾文(200)

一种第一视角信息在线实时传输工具的设计与应用

---------------------------王红丽，贾云云，陈莉萍，胡鹏超，康乐(204)

专科护理

渐进式体位降低甲状腺手术并发症的效果观察

---------------------------孙亚红，林娟，侯志楠(207)

叙事护理提高冠心病患者治疗依从性的效果观察

---------------------------唐云兰，韦艳时(211)

髋下超声联合髋下喷砂术治疗慢性骨周炎的护理体会

---------------------------戴雪娥，翁海燕(215)

儿童膝关节周围骨肉瘤改良人工半膝关节假体置换围手术期的快速康复护理

---------------------------冯源夏，陈剑，杨舒云(218)

护理管理

基于FOCUS-PDCA程序规范眼科日间手术患者眼部用药的实践

---------------------------方琳，黄兰，王婉，罗林芝，廖芙蓉，李素莲(223)

护理教育

积极心理学在《护理学导论》课程思政教学中的实施策略研究

---------------------------琚亚亚(228)
KAP理念指导下基于BOPPPS模型的《护理研究》课程教学设计与实践…………………………………………………………………………王翔，苗宇宽，孟亚慧，方海雁(234)

案例分享
1例免疫治疗致剥脱性皮炎合并精神分裂症患者的安宁疗护实践…………………………………………………………………………张芦芬，孟卫芬，刘伟，岳静燕(239)
1例妊娠合并脑肿瘤患者剖宫产术同期行脑肿瘤切除手术的护理体会………………………………………………………………………郭迎，邢荣耀，孙燕(245)

综述
老年食管癌患者衰弱管理的研究进展………………………………………………………………………………………………………………………张娟芳，汪欢，邓秦飞，魏小梅(249)
青少年口腔健康相关生活质量现状及影响因素研究进展………………………………………………………………………………………………胡梦姣，姚兰，杜永琳，王婷(255)
维持性血液透析患者合并不宁腿综合征的危险因素及护理措施研究进展………………………………………………………………………胡芳芳，马静，孙慧娟(261)
双相情感障碍服药依从性评估工具及干预的研究进展
…………………………………………………………………………………………………………………………………………………………………………………张晶晶，刘世云，高其欢，何艳艳(266)
Contents

Focusing on the green nursing of tumor and enabling innovation and development of Traditional Chinese Medicine nursing service .......................................................... LIU Shuhong (1)

Traditional Chinese Medicine nursing of a patient with postoperative pain after surgery for breast cancer ............... CHEN Hong, DENG Jianhua, LI Suqian, ZHOU Jie, LI Ye, E Haiyan, ZHENG Ping, TANG Ling (3)

Traditional Chinese Medicine characteristic nursing of a patient with facial rash caused by cetuximab .................................................. ZHUANG Biyun, HUANG Jinlan, NONG Qingling (7)

Nursing of a patient with cancer-related insomnia of deficiency of both heart and spleen treated by Yin-Yang balance five-element cupping therapy .................................................................. ZHAO Yanan, LIU Shuhong, YAN Kang (11)

Auricular acupoint sticking combined with acupoint massage and nursing interventions on insomnia in a patient with cervical cancer .................................................................................. ZHANG Zhonghua, LIU Shuhong (15)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)

Nursing of a patient with cervical spondylotic radiculopathy treated by Huolong cupping and moxibustion technology .................................................................................. LIU Xueyan, SUN Yanrong (19)
Nursing of a breast cancer patient with skin ulcer treated by Traditional Chinese Medicine encircling application .......................................................... LIANG Chen, LIU Shuhong, YAN Kang, ZHAO Yanan (48)
Moxibustion treatment and nursing of a patient with peripheral neuropathic pain of lower limbs caused by oxaliplatin .......................................................... ZHANG Yue, LIU Shuhong (52)
Treatment and nursing of a lung cancer patient with chemotherapy-induced constipation based on the theory of removing obstruction .................................................. LI Hui, HUANG Jinlan, JIA Xue (56)
Traditional Chinese medicine soaking therapy combined with wet compress therapy and nursing of a patient with hand-foot syndrome and facial rash caused by chemotherapy after breast cancer surgery .......................................................... ZHANG Lei, LIU Shuhong, ZHAO Baoya (59)
Nursing of a patient with radiotherapy-induced radiation dermatitis treated by Traditional Chinese Medicine wet compresses .......................................................... JIANG Ling, HUANG Jinlan (63)
Nursing of an ovarian cancer patient with intestinal obstruction treated with Traditional Chinese Medicine rectal drip therapy .......................................................... LYU Yingying, LIU Shuhong, ZHAO Yan (66)
Nursing of patient with cancer-related insomnia of heart and spleen deficiency type treated with holographic meridian scraping therapy .............................. LU Xiaoli, LIU Shuhong, YAN Kang, ZHAO Yanan, ZHAO Yan (70)
Postoperative nursing of a patient undergoing breast-conserving surgery for left-sided breast cancer .......................................................... LI Yajing, JIA Ruijing, CHEN Hong (73)
Scraping and moxibustion therapy and nursing of a breast cancer patient with COVID-19 in convalescence .......................................................... YAN Kang, LIU Shuhong, ZHAO Yanan (77)
Application of green nursing technology for tumors in a lung cancer patient with COVID-19 .......................................................... ZHAO Yan, LIU Shuhong, ZHAO Yanan (82)
Nursing of a gastric cancer patient with intestinal obstruction treated by moxibustion combined with acupoint application .......................................................... TIAN Lili, LIU Shuhong (87)
Nursing of a patient with subcutaneous hematoma after peripherally inserted central catheter placement treated with Sanhuang ointment external application .......................................................... ZHOU Zhijuan, CHEN Chang, HUANG Jinlan (91)
Moxibustion combined with Traditional Chinese Medicine ointment massage for a patient with grade II myelosuppression after chemotherapy for pancreatic cancer .......................... SU Zhichao, LIU Shuhong (94)
Acupuncture with plum-blossom needling and cupping therapy for a patient with herpes zoster after chemotherapy for lung cancer .......................................................... LI Haodong, LIU Shuhong, ZHAO Yan (98)
Research progress in standardization of nursing technology in Traditional Chinese Medicine .......................................................... PAN Ying, YU Lei, SUN Jingwen, WANG Jing, LIU Huan, SHU Baozhen, XING Hui (101)
A Mendelian randomization study of depression and risk of cervical cancer .......................................................... LIU Yinxia, YU Ping, XU Yang (106)
Application of home-based exercise therapy in community-dwelling elderly patients with mild cognitive impairment and depression .......................................................... ZHU Huiying, PEI Hua, YUAN Hongyan, ZHANG Lianhua (114)
A meta-analysis of effect of Traditional Chinese Medicine nursing technology in prevention of deep venous thrombosis after surgery for femoral neck fracture .......................................................... JIA Hui, YANG Ge, HUANG Bingqian, PENG Hong, LI Chunbei, WANG He (122)
Application of finger-pressing on Tiantu acupoint to induce cough in postoperative patients with early-stage lung cancer .......................................................... BIAN Guanjun, ZHANG Chunmei, LIU Lifeng (130)
Effect of Huolong moxibustion in the treatment of Children with phlegm-heat obstructing lung type of pneumonia .......................................................... PAN Xiaocui, CHEN Suling, CAI Jiaqian (136)
An exploration and practice of curriculum ideology and politics based on positive psychology in the teaching of Introduction to Nursing  .................................................................JU Yaya (228)
Curriculum design and teaching practice of Nursing Research based on BOPPPS model under the guidance of KAP concept  ..............................................WANG Xiang, MIAO Yukuang, MENG Yahui, FANG Haiyan (234)
Palliative care practice of a patient with envolizumab-induced exfoliative dermatitis complicated with schizophrenia  ............................................................ZHANG Lufen, MENG Weifen, LIU Wei, YUE Jingyan (239)
Nursing cooperation for simultaneous surgery of cesarean section and brain tumor resection in a pregnant woman with brain tumor .................................................................GUO Ying, XIN Rongyao, SUN Yan (245)
A review of management of frailty in elderly patients with esophageal cancer  .................................................................ZHANG Juanfang, WANG Huan, DENG Qinfei, WEI Xiaomei (249)
Research progress on current status and influencing factors of oral health-related quality of life in adolescents  .................................................................HU Mengjiao, YAO Lan, DU Tonglin, WANG Ting (255)
Research progress on risk factors and nursing measures of restless legs syndrome in maintenance hemodialysis patients  .................................................................HU Fangfang, MA Jing, SUN Huijuan (261)
Research progress of assessment tools and interventions on medication adherence in patients with bipolar affective disorder  .................................................................ZHANG Jingjing, LIU Shiyun, GAO Qihuan, HE Yanyan (266)
