多维质量管理工具应用专栏
运用Focus-PDCA降低重症监护室患者呼吸机相关性肺炎发生率

运用PDCA循环降低静脉血标本溶血率

降低危重患者院内转运缺陷的品管圈实践

降低静脉用药调配中心成品复核差错发生率的品管圈实践

运用品管圈提高眼病专科医院“一医一患”制度执行率

降低眶壁骨折患者术后并发症发生率的品管圈实践

应用护理质量监测指标结合持续质量改进提升24h尿蛋白定量标本留取合格率

运用品管圈联合卡诺模型提高妇科住院患者护理工作满意度

围手术期静脉通路链式管理方案在外科手术患者中的应用效果

大面积烧伤患者应用测温导尿管测温准确率的影响因素分析

富血小板血浆联合5E康复护理模式在膝骨性关节炎患者中的应用
中西医结合护理
ZHONGXIYI JIEHE HULI
2023年12月 第9卷 第12期

一种带有计时器的消手液瓶设计与应用
…………………………………………………………………………杨红艳，陈红雨，王 茜，邢 虹(83)

一种新型一次性冷热敷袋的设计与应用
…………………………………………………………………………邵建敏，高小艳，马小婵，许远乐(86)

一种医疗设备用线路固定结构的设计与应用
…………………………………………………………………………张 莉，庞 惠，许远乐，吴 静，董芳芳(88)

一种新型气管套管系带的设计与应用
…………………………………………………………………………程耀辉，刘国旗，张 珍，许远乐，纪晓丹，张海霞(90)

一种用于超声引导静脉穿刺的超声探头固定装置的设计与应用
…………………………………………………………………………王 浩，陈 谦，梁玉萍，许远乐(92)

一种多功能清创车的设计与应用
……………………………………………………………………………………钱波娜，朱珊莉，许远乐(94)

一种防留置针贴膜卷边结构的设计与应用
…………………………………………………………………………石雅莉，庞 咪，许远乐，樊宁宁，陈雯雯(96)

一种双向开口型医用冰帽的设计与应用
…………………………………………………………………………韦彩珍，杨强壮，许远乐，罗品芝(98)

一种核酸检测用辅助扫码装置设计与应用
……………………………………………………………………………………张红伶，虞新颖，蒋宏利(100)

一种多功能内窥镜导游管的设计与应用
…………………………………………………………………………米佩佩，乔占学，庞 惠，路 霞(102)

食管癌放化疗患者营养支持及护理进展
…………………………………………………………………………潘 春，庞 咪，许远乐，孙 芳(104)

论著
PRECEDE护理模式配合个性化运动指导对肺结核患者肺功能与运动能力的影响
…………………………………………………………………………陈伍梅，冯翠莲，黄丽萍，黎拥军，黄丹婷，谭玉婷(107)

中药胃肠联合治疗 ICU 患者胃肠功能障碍的效果观察
…………………………………………………………………………钟永建(113)

中药封包和穴位贴敷预防多节段脊柱手术患者腹胀便秘的效果观察
…………………………………………………………………………黄丽君，陈子豪，欧肇兰，罗春晓(117)

自制中药清凉喷雾剂缓解食管癌术后患者口渴的效果观察
…………………………………………………………………………王 敏，曾苏华，徐 霞，叶美娟，张 燕(123)

通络强筋护脊操在脊柱手术患者术后康复中的应用效果观察
……………………………………………………………………………………朱凤祥，黄小玲，朱洪英(133)

耳穴推刮术在下肢骨折术后患者中的应用
……………………………………………………………………………………桂辉琼，王一华，袁庆娜，冀 晨，杨毅华(138)

中医特色护理
黄土汤治疗 1 例慢性肾功能衰竭患者急性上消化道出血的护理体会
……………………………………………………………………………………王佳丽，马新童，王艳云，白东海，王逸飞，孔令新(143)
雷火灸配合手法穴位按摩改善1例风寒证面瘫患者面神经功能的护理体会

砭石熨摩中药透入法治疗气滞血瘀型腰痛1例的护理体会

重组人表皮生长因子凝胶联合青黛粉中药外敷技术治疗肿瘤疾病伴II期压力性损伤1例的护理

糖尿病中医护理研究进展

调查研究

慢性肾脏病育龄期女性患者病耻感现状及影响因素分析

泌尿外科护士预防导尿管相关尿路感染的认知现状及影响因素分析

技术与方法

Sherlock 3CG尖端定位技术在ICU患者经外置入中心静脉导管尖端定位中的应用

专科护理

癌症患者静脉血栓栓塞症影响因素分析及早期护理干预效果观察

护理管理

护理一体化信息管理在妇科围手术期患者静脉血栓栓塞症风险评估及预防中的应用

实施护理专案管理降低住院患者中段尿培养采集污染率

护理教育

PBL教学法结合责任制教学在实习生带教中的应用研究

叙事教育在以岗位胜任力为核心的全日制护生思政教育带教模式中的应用研究

案例分享

2例疑似克雅氏病患者的护理

1例化脓性汗腺炎青少年患者双侧腋窝皮肤溃疡的护理

1例霍奇金淋巴瘤患者PICC置管后并发过敏性皮炎的护理

1例慢性阻塞性肺疾病合并睡眠呼吸暂停综合征患者的护理
1 例老年尿道畸形留置尿管患者的家庭参与式护理体会
王立英，赵俊英，梁颖，韩雪杰，付海英(225)

1 例海水感染伤口合并过敏性皮炎患者的护理
林龙珠，辛帅，王建华，郑移真，蔡驿(230)

1 例睾丸内注射氯化钙致睾丸坏死行手术切除的护理体会
宗琼怡(233)

综述
老年肺癌患者围手术期呼吸道管理研究进展
陶芳，周婷(236)

以家庭为中心的临终关怀模式在癌痛患者中的研究进展
宋霞，陶月仙，雷玉铃，刘程怡(243)

植入式静脉输液港输液外渗的护理研究进展
李海璐，张云，田胜男(249)

老年脑出血患者气管切开术后肺部感染预防护理研究进展
赵杨爽，邓颖，黄山(254)

重症肌无力临床护理研究进展
刘静，杨静，西热拉措(259)

肺癌患者营养不良的护理干预研究进展
周艳，袁婷，冯娟，杨珍(264)

老年脑卒中偏瘫患者体位管理研究
王志齐，黄山，邓颖(269)

高血压患者服药依从性的护理进展
李芳(274)
Contents

Application of FOCUS-PDCA program to reduce the incidence of ventilator-associated pneumonia in ICU patient ........................................WANG Jing, CAO Zhan, YAN Ailing, FAN Xiaoyan, XU Yuanle (1)

Application of PDCA cycle to reduce the incidence of hemolysis in venous blood specime ................................................SHU Baozhen, YU Lei, LYU Jing, CHEN Baili, XING Yumei, ZHOU Jie, XU Jingjin (5)

Application of quality control circle activities to reduce the risk of defects in the intra-hospital transport of critically ill ICU patients .............................................................HAN Jing, FENG Yihuan, XU Yuanle, ZHANG Dongxia, LUN Li, FU Lili, WEI Caizhen (9)

Practice of quality control circle activities in improving the accuracy of inhalants usage in patients with chronic obstructive pulmonary disease .............................................SUN Zhiling, XU Yuanle, FU Xiaoli, GUO Ling, DUAN Juanping, WENG Yinchen, ZHANG Yu, WANG Ningli (17)

Practice of quality control circle activities to reduce errors in rechecking of finished drug products in pharmacy intravenous admixture service ..........................................................CHEN Wenwen, FAN Ningning, XU Yuanle, PANG Mi, ZHOU Qiang, SHI Yali (24)

Application of quality control circle activities to improve the implementation of “one-doctor-one-patient” in the outpatient department of an ophthalmology hospital ........................................LAN Yanfei, FAN Tianli, XING Xiaoying, ZHANG Yu, ZHANG Yan, LI Wenhui (32)

Practice of quality control circle activities in reducing the incidence of postoperative complications in patients with orbital wall fracture .................................................................SUN Miao, WEI Wei, WANG Yuting, PANG Mi, XU Yuanle (37)

Application of nursing quality monitoring index combined with continuous quality improvement in collecting 24-hour urine samples .................................................................WANG Dongmei, ZHAO Yuhuan (43)

Application of quality control circle activities in improving accuracy of rational diet for hospitalized patients with diabetes mellitus .................................................................SONG Chunmiao, SONG Shuxian, DING Yi, KANG Geping, WANG Yuen, XU Yuanle, ZHOU Miaoshan (46)

Application of quality control circle activities combined with KANO model to improve the nursing satisfaction among hospitalized patients with gynecological diseases ..................................................WANG Xue, LI Xinjue, CAO Yan, HE Juan, DANG Fen (51)

Influencing factors of bladder temperature measured by temperature-sensing urinary catheter in patients with massive burns ..................................................................................FU Lili, CHEN Hongmei, XU Yuanle (60)
Application of platelet-rich plasma therapy combined with 5E rehabilitation nursing mode for patients with knee osteoarthritis

Research on the framework of curriculum ideology and politics in the teaching of Surgery in higher vocational students

Design and application of a mobile nursing trolley

Design and application of an adhesive ophthalmic drug delivery device

Design and application of a hand sanitiser bottle with timer

Design and application of a disposable pack for warm and cold compress treatment

Design and application of a cable fixings for medical equipment

Design and application of an endotracheal tube fastener

Design and application of the ultrasound probe holder for ultrasound

Design and application of the structure for preventing rolled edges of adhesive film for indwelling needle fixation

Design and application of the multifunctional test-tube rack for nucleic acid sample collection

Research progress of nutrition support and nursing management of patients undergoing chemoradiotherapy for esophageal cancer

Effect of PRECEDE-based nursing combined with individualized exercise guidance on pulmonary function and exercise capacity in patients with pulmonary tuberculosis

Effect of Traditional Chinese Medicine enema combined with injection via gastric tube in the treatment of gastrointestinal dysfunction in ICU patients

Effect of Traditional Chinese Medicine hot compress and acupuncture application on prevention of abdominal distension and constipation after multiple-level spinal fixation surgery
Effect of self-made cooling Chinese medicine spray on relieving thirst in postoperative patients with esophageal cancer ..........................WANG Min, ZENG Suhua, XU Xia, YE Meijuan, ZHANG Yan (123)
Application of collateral-dredging tendon-strengthening exercise in postoperative rehabilitation of patients undergoing spinal surgery ..........................ZHU Fengxiang, HUANG Xiaoling, ZHU Hongying (129)
Application of auricular acupoint scraping therapy in postoperative patients with lower extremity fracture ........................................GUI Huiqiong, WANG Yihua, YUAN Qingna, JI Chen, ZHANG Yan (133)
Chinese herbal medicine Huangtu decoction in the treatment of acute upper gastrointestinal hemorrhage in a patient with chronic renal failure and related nursing measures ..........................WANG Jiali, MA Xintong, WANG Yanyun, BAI Donghai, WANG Yifei, KONG Lingxin (138)
The Huolong cupping therapy combined with complex decongestion therapy and nursing measures in a patient with stage III lymphedema of lower limbs complicated with stage II lymphedema of external genitalia .................................................................YUAN Huan, WU Ting, SHI Xiaofei, ZHANG Hongmei (143)
Improvement of facial nerve function by thunder-fire moxibustion combined with acupoint massage in a patient with facial paralysis of wind-cold pattern ..................................................LI Mengru, WANG Xuesong, LI Chenchen, ZHANG Chen, ZHANG Shiyu (148)
Nursing of a patient with low back pain of Qi-stagnation and blood stasis syndrome treated by Bian-stone hot ironing-massage and Chinese herbal medicine penetration ..................................................ZHANG Xuelian, GUO Huanli, ZHAO Jing (151)
Nursing of a cancer patient with stage 2 pressure injuries treated by recombinant human epidermal growth factor gel combined with Qingdai powder external application .........................HU Yingchu, LIU Shuhong (155)
Research progress of Traditional Chinese Medicine nursing for patients with diabetes ..............................................................ZHENG Xiaoyan, LI Jiayue, ZHANG Ying, GUO Peng (160)
The status and influencing factors of stigma in women of childbearing age with chronic kidney disease .............................................................TANG Qianyun, LI Aijuan, SUN Huimin (168)
Investigation on cognitive status and influencing factors of urology nurses in preventing catheter-associated urinary tract infection ..................................................PAN Liulin, QUAN Xiangfeng (175)
Application of Sherlock 3CG tip confirmation system for positioning the tip of peripheral inserted central catheter in ICU patients ..........................LI Zhouwei, WEI Jiejing, LIN Songfei, XIONG Yumei, ZHANG Junhua, ZHUANG Debini (180)
Influencing factors of venous thromboembolism in cancer patients and effect analysis of early nursing interventions .................................................................GUAN Lin, YU Jie (185)
Application of integrated medical information management system in the risk assessment and prevention of peri-operative venous thromboembolism in gynecological patients ..................................................JIANG Zhihui, RONG Mingmei (189)
Application of nursing project management to reduce the contamination rate of urine culture ..............................................................BI Dan, SHANG Dongping (194)
Application of problem-based learning combined with responsibility-based teaching model in the clinical teaching of nursing students .................................................................REI Huijuan, YUAN Xuewei, QU Yue (198)
Application of narrative education in curriculum ideology and politics focusing on job competencies in clinical teaching of nursing students ..................................................DENG Lijun, TANG Bijing, LIU Qiuhua, LIU Tianxin, ZHANG Tianwen (202)
Nursing of two patients with suspected Creutzfeldt-Jakob disease ..............................................................GENG Yuexiao, SHI Manyu, MA Jingyi, LI Sha (207)
Nursing care of an adolescent with hidradenitis suppurativa complicated with bilateral axillary skin ulcers

WU Xiaokun, YE Xuemei, PENG Mengmiao, LAN Yutao, LI Haiyan (212)

Nursing management of allergic dermatitis after peripherally inserted central catheter placement in a patient with Hodgkin’s lymphoma

LI Zhiqun (217)

Nursing of a patient with chronic obstructive pulmonary disease complicated with sleep apnea syndrome

GE Ruoxing, JIANG Ying (221)

Application of family participatory nursing care in an elderly patient with congenital anomalies of urinary tract undergoing indwelling catheter placement

WANG Linan, ZHAO Junying, LIANG Ying, HAN Xuejie, FU Haiying (225)

Nursing of a patient with wound exposed to seawater complicated with allergic dermatitis

LIN Longzhu, XIN Shuai, WANG Jianhua, ZHENG Yizhen, CAI Hua (230)

Nursing of a patient undergoing orchidectomy for testicular necrosis caused by injection of calcium chloride

ZONG Qiongyi (233)

Research progress of perioperative airway management in elderly patients with lung cancer

TAO Fang, ZHOU Ting (236)

Research progress of family-centered hospice care in patients with advanced cancer

SONG Xia, TAO Yuexian, LEI Yuling, LIU Chengyi (243)

Research progress on nursing of infusion extravasation of implantable central venous port system

LI Hailu, ZHANG Yun, TIAN Shengnan (249)

Research progress of prevention and nursing of pulmonary infection after tracheotomy in elderly patients with intracerebral hemorrhage

ZHANG Yangshuang, DENG Ying, HUANG Shan (254)

Research progress on clinical nursing of myasthenia gravis

LIU Jing, YANG Jingsha, XIRELACUO (259)

Progress of nursing interventions on malnutrition among patients with lung cancer

ZHOU Yan, YUAN Ting, FENG Juan, YANG Zhen (264)

Review of study on body positioning management of elderly patients with post-stroke hemiplegia

WANG Zhiqi, HUANG Shan, DENG Ying (269)

Progress of nursing interventions on medication adherence in patients with hypertension

LI Fang (274)
